IN THE MATTER OF THE SEARCH OF:

CASE NO. 2:24-mj-154

LARRY JEWELL, a white male,

AFFIDAVIT IN SUPPORT OF SEARCH

WARRANT

I, Jeffrey Kasza, Task Force Officer (TFO) with the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), being duly sworn, depose and state the following:

INTRODUCTION

1. I make this affidavit in support of an application under Rule 41 of the Federal Rules of Criminal Procedure for a warrant to search and obtain a Deoxyribonucleic Acid (DNA) sample from the person of Larry JEWELL, a white male, approximately 6'5" and 190 lbs, with [REDACTED] and FBI# 335913ED7. As set forth in this affidavit, this DNA sample may constitute and contain evidence of violations of federal firearms laws, to wit, 18 U.S.C. § 922(g)(1), possession of a firearm by a prohibited person.

2. I am a Columbus, Ohio Division of Police (CPD) detective assigned as a Task Force Officer (TFO) with the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). I have been employed by the Columbus Division of Police since 2004. My responsibilities as a Task Force Officer include the investigation of violent criminal street gangs, narcotics and firearms traffickers, money launderers, and firearms-related crimes. I have participated in the execution of search warrants and arrests related to the above- referenced offenses. By virtue of my experience and training, I am familiar with residential search warrants. Throughout this

Affidavit, reference to “investigators” specifically refers to criminal investigators. As part of my duties as an ATF TFO, I investigate criminal violations relating to federal firearms offenses, including the unlawful possession of firearms and ammunition by individuals who have been convicted in any court, of a crime punishable by imprisonment for a term exceeding one year. I have participated in numerous investigations of criminal violations relating to illegal firearms possession, firearms trafficking and shooting investigations.

3. This affidavit is intended to show that there is sufficient probable cause for the above-described search warrant and does not purport to set forth all my knowledge of, or investigation into, this matter. The facts and information contained in this affidavit are based on my personal knowledge, my training and experience, my interviews of various witnesses, including law enforcement personnel who participated in the investigation, and my review of certain records and documents.

4. Based on my education, training, and experience, I know that skin, saliva, blood, and/or hair evidence left behind at a crime scene may contain a unique DNA profile that can sometimes be identified by forensic scientists when those scientists compare the evidence to a known standard. I know that when individuals wear clothing or handle an item such as a firearm, they may leave behind secretions and/or skin cells that contain their unique DNA profile. I also know from my education, training, and experience that oral swabs taken from an individual (buccal swab) will contain a known standard of that person’s DNA profile. This standard can then be compared to an unknown standard by a forensic scientist in an effort to identify the unknown DNA sample.

5. Deoxyribonucleic acid (DNA) is genetic coding material which is unique to each individual. Laboratory analysis of DNA material can establish whether material, such as

saliva, skin, hair, or blood came from a particular individual. Because DNA is sometimes left behind on physical items previously touched by a particular individual, DNA evidence can be useful, admissible evidence in demonstrating that a particular person was at one time in possession of a piece of evidence, present at a given location, or inside a particular vehicle.

6. The items to be seized are DNA reference samples, using sterile swabs, (commonly referred to as buccal swabs) of DNA material of Larry JEWELL from the inside of the mouth and cheek, as more fully described in Attachment B. The evidence to be seized is to be taken from the person of Larry JEWELL, as more fully described in Attachment A.

7. I also request, pursuant to this search warrant, permission and authorization to employ reasonable forceful means necessary to obtain the DNA reference sample, should JEWELL refuse to comply with this search warrant.

8. I submit that that the totality of facts and circumstances included in this affidavit establishes probable cause to believe that evidence relating to a violation, or violations of: Title 18, United States Code, Section 922(g)(1), that is, possession of a firearm by a prohibited person, can be found as a result the collection of JEWELL's DNA.

PROBABLE CAUSE

9. On September 8, 2023, Bureau of Alcohol, Tobacco, Firearms, & Explosives (ATF) Crime Intelligence Center (CGIC) Columbus Police Department (CPD) Task Force Officer (TFO) Jeff Kasza received information from a Confidential Source (CS) who stated that he/she had information about a shooting. This CS has supplied TFO Kasza with credible criminal information in the past that has led to numerous search warrants and felony charges on multiple individuals.

8. The CS stated that he/she had recently spoken with a “violent narcotics and firearms trafficker” named Larry JEWELL. Per the CS, JEWELL stated that on August 29, 2023, at approximately 5:00 am, he fired gunshots into 319 E. INNIS AVE. JEWELL stated he was targeting Christina BROWN and her crew out of a dispute. JEWELL stated that BROWN was selling narcotics out of 319 E. Innis Ave and knew she would not call the police to report the shooting. Larry JEWELL is further identified as follows: Larry L. JEWELL, a white male, approximately 6’5” and 190 lbs, with [REDACTED] and FBI# 335913ED7.

9. The CS stated JEWELL is a large-scale narcotics trafficker who operates his narcotics business on the south side of Columbus, Ohio. The CS stated that he/she had witnessed JEWELL with large amounts of narcotics and numerous firearms on many occasions. The CS stated that JEWELL is a Konvicted Family gang member and brags about violent acts that he had committed in the past. The CS stated that JEWELL constantly posts firearms and large amounts of U.S. currency on his Facebook page, “Herecome TrouBble”. The CS stated that JEWELL sells and purchases firearms and will also trade narcotics for firearms.

10. TFO Kasza performed a records check on the CPD Patrolview reporting system and found a ShotSpotter run that was reported on August 29, 2023, at 5:41 am in the area of 310 E. Innis Ave. The Patrolview run stated that 14 rounds were fired “high capacity” from the middle of the street. CPD Officers responded to the location and located six 5.56 caliber spent shell casings which were collected as evidence (CPD Report 230673517). CPD Officers turned in the spent 5.56 shell casings to the Columbus Police Crime Laboratory where they were entered into the National Intergraded Ballistics Information Network (NIBIN), NIBIN Case # CPCL-2023-5644A.

11. TFO Kasza conducted a Facebook search of “Herekome TrouBble” and found a page that showed JEWELL listed as the profile picture.

12. On August 31, 2023, at approximately 2:02 pm, JEWELL posted a Live video on his Facebook page. TFO Kasza watched the video and could see JEWELL handling multiple firearms. One of the firearms JEWELL was handling appeared to be an AR style pistol. TFO Kasza knows through his training and experience that AR style pistols commonly accept 5.56 caliber live ammunition. TFO Kasza could see JEWELL handling large stacks of U.S. currency. TFO Kasza could also see JEWELL was wearing a gold chain that had a “KF” pendant. TFO Kasza knows through his training and experience that “KF” stands for Konvicted Family, a gang that was started in the prison system. Below are multiple screen shots taken from the posted video.

13. TFO Kasza conducted a search of Facebook for Christina BROWN. TFO Kasza found a Facebook profile in the name “Christina Elizabeth” that showed a picture of Christina BROWN as the profile photo. TFO Kasza found a post on BROWN’s Facebook that talked about the shooting into her home.

14. On September 14, 2023, TFO Kasza caused a query of the National Crime Information Center (NCIC) relating to JEWELL. On July 19, 2010, JEWELL was convicted of Aggravated Assault, 2903.12 O.R.C. On February 22, 2013, JEWELL was convicted of Engaging in a Pattern of Corrupt Activity, 2923.32 O.R.C. On June 8, 2017, JEWELL was convicted of Possession of Drugs, 2925.11 O.R.C. TFO Kasza recognizes that the aforementioned convictions prohibit JEWELL from possessing firearms pursuant to Title 18 U.S.C. §922(g)(1). TFO Kasza also recognizes that JEWELL is prohibited from possessing a firearm pursuant to 2923.13 of the Ohio Revised Code (ORC).

15. TFO Kasza searched JEWELL's name in the CPD reporting system. TFO Kasza found that on October 17, 2022, CPD Officers were dispatched on a menacing report. CPD Officers arrived at scene and were met by the victim. The victim stated that Larry JEWELL pointed a gun at him and threatened to shoot and kill that victim. The victim stated he believed that his life was in danger and believed that JEWELL was going to shoot him. The victim ran and called the police to report the incident.

CONFIDENTIAL SOURCE (CS2)

16. On September 26, 2023, ATF TFO Kasza received information from a Confidential Source (CS2) who stated that he/she had information about JEWELL. CS2 provided information to TFO Kasza that has been verified by previous information supplied by other investigators and confidential sources of information.

17. CS2 stated that he/she was inside of 319 E. Innis Ave on August 29, 2023, at approximately 5:40 am when the home was struck by gunfire. CS2 stated that when the incident happened, he/she did not know who was responsible for the shots fired at the location.

18. On or about September 20, 2023, CS2 stated that he/she was driving on E. Innis Ave when a silver vehicle went around his/her vehicle and began shooting at his/her vehicle. CS2 stated that his/her vehicle got struck by multiple bullets. CS2 stated that he/she did not see who was in the silver vehicle and stated that they were not sure of a make or model of the vehicle. CS2 stated that he/she did not make a police report.

19. On September 22, 2023, CS2 stated that he/she was driving in a vehicle with a male that goes by the street name of "Big Man" and a male named Jordan. CS2 stated that he/she pulled into the gas station located at S. High St and E. Woodrow Ave. CS2 stated that he/she was followed into the parking lot by a black male that goes by the street name "T". CS2

stated that “T” was driving a beat-up silver vehicle. CS2 stated that “T” exited the silver vehicle and pointed a rifle at the vehicle CS2 was in. CS2 stated that he/she fled the gas station parking lot and went to 319 E. Innis Ave. CS2 stated that “T” showed up in the same silver vehicle a few moments later and began shooting at the house. CS2 stated he/she fled in his/her vehicle during the shooting.

20. On or about September 23, 2023, CS2 stated that he/she received a phone call from Larry JEWELL. JEWELL told CS2 that he was responsible for the shooting and that he was after “Big Man” and Jordan. CS2 stated that JEWELL made a statement that if CS2 gave JEWELL “Big Man”, he would spare Jordan. CS2 stated that “T” sells narcotics for JEWELL and believes that “T” is being directed by JEWELL to kill “Big Man” and Jordan. CS2 stated that he/she is only giving the police this information because he/she believed that JEWELL will not stop until he gets “Big Man” and Jordan.

21. TFO Kasza searched CPD reports and found that on September 20, 2023, at 11:19 pm there was a ShotSpotter Investigative Lead Summary Report that reported seventeen (17) rounds fired, high capacity in the area of 1762 S. 6th St. (ShotSpotter ID: 616-215518). CPD Officers responded to the location of the ShotSpotter alert and found fourteen (14) spent “.223R” shell casings in the intersection of E. Innis Ave and S. 6th St. A resident stated that after he heard the gunshots, he looked out of his window and saw a silver 4 door Honda Civic leaving north on S. 6th St at a high rate of speed. Officers did not locate any vehicles or structures that were struck by gunfire. CPD Officers collected the spent shell casings and turned in the spent shell casings to the Columbus Police Property Room.

22. TFO Kasza searched CPD reports and found that on September 22, 2023, there were two ShotSpotter alerts in the area of 319 E. Innis Ave that came in seconds from each

other at 3:23 pm. One ShotSpotter Investigative Lead Summary reported ten (10) rounds fired, high capacity (ShotSpotter ID: 616-215627) and the second ShotSpotter Investigative Lead Summary reported five (5) rounds fired (ShotSpotter ID: 616-215628). CPD Officers responded to the location of the ShotSpotter alerts and found multiple locations had been struck by gunfire. Investigators believe that two parties were shooting at each other. CPD Crime Scene Search Unit responded and collected spent casings from the incident which were turned into the Columbus Police Property Room. A male named Jordan LORING, [REDACTED] was found to be at scene.

23. TFO Kasza conducted a search of The NIBIN Enforcement Support System (NESS) and found that there was a NIBIN association made between the shooting that occurred on September 20, 2023, at the intersection of E. Innis Ave and S. 6th St. and the shooting that occurred on September 22, 2023, in the area of 319 E. Innis Ave. “.223R” caliber spent shell casings were recovered at both locations. A NIBIN analysis of the two locations indicates a strong likelihood that they were discharged by the same .223 caliber firearm.

24. TFO Kasza is familiar with a juvenile male that goes by the street name of “Big Man” who CS2 is referring to.

CPD ARREST- JEWELL

25. On November 9, 2023, at approximately 3:11 pm, Columbus Police Officers were working routine patrol in the area Parsons Ave and E Morrill Ave. Officers observed a brown Cadillac SRX (bearing OH Tag HJN7886) parked near the intersection of E Morrill Ave and Lisle Alley.

towards his waistband, and reach inside the vehicle and onto the rear passenger-side floorboard. Officers observed JEWELL then close the rear passenger-side door and distance himself from the vehicle. Officers observed a female, in the front passenger seat, and later positively identified her, via CPD Mugshots ID # 61749C, as Ashli CLARK.

27. Officers approached the stated vehicle and observed a handgun, with a loaded extended magazine, in plain view on the rear passenger side floorboard. Officers detained JEWELL and CLARK.

Officers observed three (3) separate serial numbers located on the firearm: BLPX824, BXPV303, and BXZH913. Investigators collected DNA swabs from the recovered firearm that were turned in as evidence. The weapon identified above is a Glock, Model 45, 9mm pistol, bearing SN: BXPV803 (Frame) BLPX824 (Slide) and BXZH913 (Barrell) and is a weapon that will expel a projectile by the action of an explosion. The frame of the weapon identified above was manufactured by Glock in Austria and imported into the United States into the state of Georgia. The weapon identified above was recovered by law enforcement officers in the State of Ohio. This weapon was equipped with a magazine that was labelled as being able to hold thirty-one (31) rounds of ammunition. It is the opinion of SA Benner that this firearm moved in/affected interstate/foreign commerce to arrive in the State of Ohio.

29. CPD Records advised officers that CLARK had misdemeanor warrants for her arrest (Case # 21CRB5651 for Drug Abuse Instruments, and Case # 20TRD14419 for No Operator's License and Fail to Control).

JEWELL made an unsolicited comment that he was wearing the Kevlar vest in fear of being shot. Officers contacted CPD Gun Crimes Detective W. Hettinger #1834 who advised Officers to transport JEWELL and CLARK to CPD Headquarters to be processed and interviewed.

31. The tag attached to the stated Cadillac returned, in LEADS, to a Hyundai. Due to the stated vehicle failing to display tags that properly return to the vehicle, Officers completed a parking citation (Parking Infraction 55 97370254) and arranged for the stated vehicle to be impounded to the City Impounded Lot for safe keeping. The vehicle identification number of the 2011 brown Cadillac SRX was 3GYFNAEY5BS675641.

Innis Ave. TFO Kasza explained to JEWELL that both shootings were believed to be fired by the same .223 rifle. JEWELL stated that LEDBETTER contacted him right after the incident that happened on September 22, 2023, at 319 E. Innis Ave. JEWELL stated that LEDBETTER told him that he had just got into a shootout at 319 E. Innis Ave.

64. TFO Kasza references the search warrant that was executed on November 14, 2023, at Extra Space Storage, unit number 248 (ROI #16). JEWELL made a statement that the storage unit was not his and the two (2) recovered guns belonged to a male named John. JEWELL stated he tried to purchase the two (2) firearms from John. JEWELL stated he handled the two (2) firearms recovered from the storage unit. JEWELL stated that his DNA would be on the two (2) firearms recovered from the storage unit. JEWELL stated that after his house got shot up, he tried to purchase the firearms for protection.

65. JEWELL stated that he purchases his narcotics from a male named Mike NORTH who lives at 870 ALLISON DR. JEWELL stated that he purchases crack and cocaine from NORTH.

66. TFO Kasza asked JEWELL the approximate weight of the narcotics recovered from his bedroom. JEWELL stated, "it's probably a quarter". TFO Kasza knows through his

training and experience that when JEWELL refers to “a quarter” he is referring to a measurement of weight of his narcotics product. JEWELL stated he is selling narcotics to pay for his cigarettes and food. JEWELL stated he just doesn’t sell narcotics to anybody; he just sells to his close people. JEWELL then stated that he supplies narcotics to people to keep them from being sick.

67. JEWELL made a statement at the end of the interview that the narcotics found in his bedroom “was for personal use”.

FIREARM RECOVERY - 4151 ELLERY DR

68. On December 7, 2023, at approximately 5:30 pm, TFO Kasza, TFO Wright, TFO Orick and TFO Hill followed up on information provided by JEWELL his interview. TFO Kasza was familiar with address 4151 ELLERY DR and knew that JEWELL’s blue GMC Yukon, Ohio License Plate JXK1862 was parked in the driveway of this address on October 25, 2023 (ROI #9). TFO Kasza believed that this is the neighbor’s house JEWELL stated that contained the 12-gauge shotgun he was seen holding during his Facebook live video.

69. TFO Kasza and TFO Wright knocked on the front door of 4151 ELLERY DR and were met at the front door by a male named Mark Bailey and two young children. TFO Kasza asked Mr. Bailey if he had known his neighbor who moved out of 4159 ELLERY DR. Mr. Bailey stated “yes”. Mr. Bailey stated that a few weeks ago, when JEWELL moved out of 4159 ELLERY DR, he came over to Mr. Bailey’s house and asked him to hold onto JEWELL’s shotgun for a few days. Mr. Bailey stated he did not want to store JEWELL’s firearm but felt like he didn’t have a choice. Mr. Bailey stated that JEWELL also stored a vehicle in Mr. Bailey’s driveway.

70. Mr. Bailey stated to TFO Kasza that he wanted JEWELL's shotgun out of his home due to having two children in the home. Mr. Bailey invited Investigators into his home. Investigators entered 4151 ELLERY DR and stood in the living room with Mr. Bailey and two young children. TFO Kasza asked Mr. Bailey where JEWELL's shotgun was in his home. Mr. Bailey stated that he had the firearm locked in hall closet. TFO Kasza asked Mr. Bailey if he wanted Investigators to take JEWELL's firearm out of his house and Mr. Bailey stated "yes, please". TFO Kasza walked with Mr. Bailey and Mr. Bailey unlocked his hall closet and allowed TFO Kasza to open the door. TFO Kasza could see the shotgun leaning against the inside wall of the closet. Mr. Bailey stated that he had not touched the shotgun since JEWELL brought the firearm to his house. TFO Kasza recovered the Citadel Boss 25, 12-gauge, SN: 20-77533. The shotgun had an extended magazine that was loaded with 10 live 12-gauge shotgun rounds. The weapon identified above is a Francolin International Arms, Model Citadel Boss-25, 12-gauge shotgun, bearing SN: 20-77533 and is a weapon that will expel a projectile by the action of an explosion. The weapon identified above was manufactured in the country of Turkey. The weapon identified above was recovered by law enforcement officers in the State of Ohio. It is the opinion of SA Benner that this firearm moved in/affected interstate/foreign commerce to arrive in the State of Ohio.

71. TFO Kasza asked Mr. Bailey if he was storing anything else for JEWELL and he stated "no". TFO Kasza asked Mr. Bailey if he knew where any other of JEWELL's firearms were and Mr. Bailey stated that JEWELL told him that he had a storage unit. Mr. Bailey stated that JEWELL had two (2) "Mac-10" firearms that he was storing in his storage unit. TFO Kasza asked Mr. Bailey how he knew that JEWELL was storing the Mac-10's in his storage unit and Mr. Bailey stated that JEWELL told him.

72. Based on my training and experience and my knowledge of the investigation, I believe JEWELL currently resides and is located in Columbus, Ohio, in the Southern District of Ohio, Eastern Division.

CONCLUSION

10. Based on the foregoing, I believe that there is probable cause to issue a search warrant for a Deoxyribonucleic Acid (DNA) sample from the person of Larry JEWELL, as this DNA sample may constitute evidence of violations of federal firearms laws, to wit, 18 U.S.C. § 922(g)(1), possession of a firearm by a prohibited person. Therefore, I request that the Court allow me and/or other authorized law enforcement officers to take a cotton swab and place it inside the mouth of Larry JEWELL, rubbing the inside of his cheek to obtain cellular material. This method allows officers to obtain saliva, and or topical or oral skin cells, by means of an oral swab. Based on my training and experience, I know that this procedure is quick, painless, and involves minimal intrusion into the body. This warrant also permits authority to execute the search warrant with reasonable force, if necessary.
